17. **Rules on Sifting:** The Sale Committee reserves the right to bar any bull from selling through the ring which shows any defect or disease, infection, or unsoundness, or over fitting which may limit its usefulness. An examination of each bull will be made by a veterinarian and two experienced cattlemen. This will serve as a means of detecting such bulls. Judging and sifting will begin at 9:00 a.m. on Friday, February 2, 2024. All bulls will be graded for quality by three graders. The bulls must grade 87 or above to be eligible to sell through the sale and grade 90 or above to be considered a Champion in their division. All bulls will be graded individually. Warts and ringworm are considered communicable diseases and will be sifted from the Sale.
18. **Sifted Bulls:** All bulls barred from the sale through the ring for reasons mentioned above may be sold at private treaty, **after sale**. In such an event the Sale Committee will not accept any responsibility for the future condition or performance of such animals. Any bull sold outside of sale ring is subject to standard commission for the sale.
19. **Liability:** Although every possible precaution will be exercised to protect the safety and comfort of guests of the sale, neither the Association nor its representatives, nor the auctioneers or clerks, assume any liability for accidents. All warranties are made between buyer and seller, not the sale management.
20. **Purchaser's Risk:** Each animal will be at purchaser's risk as soon as sold but we ask consignors to please check with office to make sure consignment has sold and who responsible for care and delivery.
21. **Delivery of Bulls:** Consignors are asked to help with delivery of bulls & heifers.
22. **Rule on All Non-Breeding Bulls:** Bulls must be semen tested. However, buyers suspecting a bull purchased at Klamath Falls to be an unsatisfactory potential breeder must notify the Klamath Bull Sale Committee regarding such a bull **WITHIN FOURTEEN DAYS OF THE DATE OF THE SALE**. The Committee will then have an examination and investigation made by a competent veterinarian. The Committee reserves the right to call in their own veterinarian if they deem it necessary. The Committee will consider exceptional cases. If it is determined that the bull is a non-breeder, consignor will be required to either compensate the buyer for the difference between beef value of the bull and the purchase price, or return the entire purchase price to the buyer and take the bull back at his own expense. If the buyer wishes a replacement and consignor is willing to settle in this manner, it will be satisfactory to the Bull Sale Committee.
23. **Pre-Sift:** Sale Management has the right to pre-sift entries prior to cataloging. If a bull is pre-sifted, that bull's entry fees will be returned to that consignor. Please have your bulls registered and all weights turned in. We will be looking at that information during the pre sift.
